## **Memorandum of Understanding**

### **Objective**

The goal for the MTG Range Trader Program is to provide the education and software, in as thorough and efficient manner possible, as needed for you to start creating your own research and strategies for your personal use.

### **Scope**

The MTG Range Trader program commences upon receipt of payment and consists of up to 5 hours of online training and support – normally conducted over 1-3 weeks. The program consists of two to three (depending upon your needs), private, web-based sessions lasting approximately 1.5 hours each. Each session is conducted via Go To Meeting (no charge to you). Thirty minutes of additional time is reserved for follow-up email or phone support as needed.

At a minimum, the web training sessions cover the following topics:

- 1) Review of student's objectives and computer / software environment
- 2) MTG Range Trader installation, configuration and workspace setup
- 3) Entering and optimizing parameter inputs (e.g. pattern, zones, target, stop size, etc.)
- 4) Understanding and interpreting TradeStation® strategy reports
- 5) Avoiding over-optimization
- 6) Tips & tricks for saving research time and maximizing success

Please note: the course will not discuss how to install and use TradeStation, nor how to write or troubleshoot EasyLanguage® code. It is expected that you will utilize TradeStation's extensive resources for these purposes.

### **Support**

Email and phone support is provided during the term of the program. I generally respond quickly to all emails and phone calls, with a worst case goal of responding within 24 hours on weekdays and 48 hours on weekends. Once the program has concluded, I will be available to answer short questions via email and phone. I ask that you utilize the reserved 30 minutes of support for extensive questions and discussions.

Note: at the end of the Range Trader program, you may purchase additional training and support on the [www.masterthegap.com](http://www.masterthegap.com) website by purchasing blocks of coaching time.

### **Communication**

Email is my preferred method of communication for simple inquiries. Phone is fine if the matter is urgent or requires a discussion.

**To Get Started**

After purchasing MTG Range Trader, simply fax a signed copy of the last page of this Memorandum of Understanding (MOU) and the End-User License Agreement (EULA) to **980-225-0391**. Or, scan and email to [tim @masterthegap.com](mailto:tim@masterthegap.com) Upon receipt, I will follow up to coordinate our first web training session.

**Payments**

Payment is due in full at the time of purchase. Please note: in order to provide the highest quality training and support for each student, I conduct a maximum of three programs per month. As such, these spots are “first come, first served” and your spot is not secure until payment is received.

**Scheduling**

Once the program commences, the sessions will be scheduled as mutually agreed, and adjusted as needed.

**Preparation**

Once you have purchased the MTG Range Trader program and received the application, I suggest you do the following to ensure you get the most out of the program and our time together.

1. Ensure you have a recent version of TradeStation (v 8.6 or later) loaded onto your personal computer.
2. Be competent using TradeStation’s basic navigation and charting functionality (e.g. creating a new chart and workspace, etc.).
3. Completely review and familiarize yourself with the MTG Range Trader User Guide.

I look forward to helping you develop your own range-based strategy and achieve your personal goals.

Sincerely,

Tim Mock
